

# Service Hours for Book Reviews

Teens! Earn service hours for book reviews (one hour per review)! Here's how it works:

- Review a book in the Library collection and make sure not to give away the ending!
  - Your review should include plot elements, an evaluation of the author's writing, and what you think is an appropriate age range for this book.
- This must be your original work, and use your best writing skills and judgment. Reviews that require excess editing will not be accepted.
- Reviews must be substantive, but a maximum of 400 words, please.
